    - Dues went up \$50 per chapter per year, mainly due to the Strategic Plan costs. This was approved.
    - The Strategic Plan as a whole was *not* approved, although the summary was. The Plan will be up for a vote again in the Fall.
- Munoz
  - Actives will probably be increasing housebills
    - We're still below the campus average
    - Ask Mike and Rullan what they're considering

### Other Business:

- Website
  - Good job Pegler
  - Akil wants to send an email in July to advertise the new website
  - Fundraising page needs content, but what content?
  - Munoz has a list of donors; get Mike to give us an updated one
  - Pictures for the officers?
  - Brackets for donors? e.g. god-level
- Elder survey
  - Estrada wants more input on what people think should be included, or what the statistics we actually want out of it
  - What's the draw for brothers of diff age groups, how to keep them coming back, etc.
- Lease update
  - Akil's going to meet with Dean Humphreys – This is what Kappa Sigma did
  - We may have to consider writing a draft lease for ourselves (also what Kappa Sigma did)
  - Kappa Sig chose the dorm option, but this may not even be available to us (and probably isn't desirable)
- Fundraising
  - Estrada and Beez will bug Peter for a quote from Stuart Howe
- Basement storage
  - Actives will pay the fee to get the key to access this space
- Elder Board 2012 Plan
  - Akil and Jon are working on a plan for the Board to reach all of its goals this academic year
  - First draft will be ready next month
